To the Boys of 2033 :

" We have just listened to the message addressed by  
the members of The Boys' Brigade in 1933 to their  
successors in the Centenary Year "

" Today we, the present members, acknowledge the  
past and in turn relay the 1933 message through our  
successors who, in 2033, will celebrate 150 years  
of the continuing advancement of Christ's Kingdom  
among Boys "

"We have a wish for you and it is a wish that has  
been signed by more than 2000 young men of the  
Brigade representing many countries throughout the  
world meeting at Campus, University of Durham,  
England, and at the International Camp, Palace of  
Scone, Scotland "

" It is this. Enjoy the fellowship and fun; live  
life to the fullest but always with your Christian  
ideals to the forefront. Be Sure and Stedfast in  
your commitment to our great Movement, following  
the guiding principles laid down by the founder,  
Sir William A. Smith, that you may, in your time,  
pass on the flags to your successors in 2083 "

" Goodbye for now and greetings from all in New Zealand."

Sgt. Martin Burrows.

Wellington,  
New Zealand.
