

THE BOYS' BRIGADE

2nd Dan-Australian Camp
Gold Coast Queensland

CAMP NEWSPAPER

28th December, 1965, to 7th January, 1966

ARE YOU A MILLIONAIRE?

When you had better start saving your second million at the Bank of New South Wales Agency at the camp.

At the bank you can open an account, make deposits and withdrawals from the Bank of New South Wales and the State Savings Bank of Victoria.

The Bank will also keep SAFE CUSTODY of watches, train tickets, radios, wallets and other valuable items.

Mr Truelove, the manager, reports that Camp crested notepaper and envelopes are available, but they are in limited supply. Educational material is also available.

ARE YOU WORRIED ABOUT DECIMAL CURRENCY?

then go and see Mr Truelove at the Camp Bank and he will put you on the right track with decimal currency conversion guides etc.

BANK TIMES

The bank will be open for business during the day at times shown below

8.00am - 8.30am
11.30am - 12.30am
1.15pm - 2.00pm
5.00pm - 7.15pm

THE BIRDS

For those who did enter the water today, they had a field day for bikinis stretched from one end of the Main Beach to the other. As for those who went in the water, Oh well you cant help running into them can you.

SOUVIENIRS = SOUVIENIRS = SOUVIENIRS = SOUVIENIRS

Have you bought your man in the house yet? ---- Shrunken heads galore at Uncle Ricky's and Grand dad Ernie's Store.

VICTORIA ANONYMOUS.

That grand and illustrious choir from Victoria have now made their debut. We are looking forward to more of their harmonious melodies other than

"Mary had a little lamb"

-You can never lick a Vic.

The trumpet sounded, the day had begun, Oh boy ! What a morning the wind was blowing a gale, accompanied by clouds of dust, which suffocated the occupants of my tent. How ever after breakfast we went out for a dip ----- dip did any one say

The scenery was rather good. although most was at "Surfers".

However the surf took up most of everyones ability. There were giant dumpers from which the injured with cuts, bruises and black eyes took upother interests.

Those with surf planes had a most enjoyable time riding the large waves and running down people, amongst other things. Once again into the crowded buses; then into the cattle dip for a shower, and once again back to our dust bowl

MISSING PERSONS NOTICE

Should anyone around the camp see Mr Mel Tipper around the camp please tell him that the Administration staff wishes to see him.

THE TELEPHONES DO WORK

It was learned tofday that one night owl at 3.00am on the first night, tested the telephone and found to his great surprise that somebody answered. PS Mr. Milliner is reported to be worn out today. He is always delighted to be woken at 3 am in the morning.

The first day at the beach revealed that we had many naturalists amongst us as they watched the birds go by.

LOST PROPERTY

If you have lost some article ----- ask at the administration centre.

STEDFAST

Any news from any company is always welcome in the new venture of 1966. Yes Australia has its own page in Stedfast to commence in January. There are some boys in camp who have received a mention in the first edition to arrive in Australia.

Let's hear from you and your Company. Let's hear of a special activity you have ahd or are planning. Did you know that our own Australian editor of Stedfast is at the 2nd Pan Australian Camp ? He is Lt. T. Ivins of No 2 Security and he wants to hear of any thing and every thing but complaints.

THE STIRRING ADVENTURES OF BROTHER FREDDY THE FEARLESS "FRIAR"

CHAPTER 1.

Snatched from the burning.

Brother Fredrick SSF was in trouble again. Real trouble this time. On safari in the deepest jungle of the dangerous Canungra district where no missionary had ever set foot before. He had been captured! And now he was really in the soup - or rather , in the hot water.

He'd been in quite "hot water" before , but this ~~time~~ there seemed no way out. He was in a cooking pot and the water was really hot and getting hotter as the Canungran natives piled more and more wood on the fire.

Nethertheless Freddy the fearless friar was still smiling he always smiled no matter what happened.

Soon the water was bubbling merrily and the hungry cooks watched for the smile to fade from his face - which they knew was the sign that he would be "done".

But the smile didn't fade. Brother Freddy just smiled and smiled and went on smiling at them. The heat and the water had no effect on him.

After another hours slow boiling the tribe called their Witch Doctor in to look at this extraordinary meal that wouldn't cook. After many signs and actions and words -----dancing round and round the pot and Freddy , he gave his solemn opinion.

"You---treating---this---man---wrong---this---man---will---never---cook---like---that.---You---are---boiling---him--- and--- he---is---a---Friar!@"

BR OTHER FREDDY'S THOUGHT FOR THE DAY.

WHATEVER LIFE BRINGS YOU = KEEP SMILING . THATS THE OUTWARD SIGN OF AN INWARD FAITH WHICH EVERY CHRISTIAN HAS RECEIVED AS A G IFT FROM GOD . SO= USE IT.

WHAT WILL FREDDY DO NEXT - ANOTHER CHAPTER TOMORROW.

HOSPITAL NEWS

Chris Fletcher from "D" Company will be resting in the hospital for 2 or 3 days with bronchitis. Vistors welcome.

Many minor illls and accidents have already been dealt with at the hospital, so take care when walking around the grounds that you do not trip and fall and injure yourself unnecessarily.

THE STEDFAST RADIO CLUB VK2BBB.

Did you know that we have the first Boys Brigade Radio Club of the Air in Australia in the camp with us? Sure thing, and we hope everyone will make a point to see it in operation. The club is a part of the 3rd Sydenham-Bankstown Coy. and in the New Year, when their transmitter is completed, they are planning to make radio contact with BB Companies throughout the world. "Hi New Zealand", will be heard across the Tasman Sea; "Australia calling".

The radio equipment is for low power operation and is used normally for interstate contacts. Who in camp belongs to the Y.R.S. at school, why not see what can be done within your own company to provide a further exciting and absorbing interest. Further details will be available at the transmitting site which is in the Poultry Pavillion.

The wireless Institute of Australia is keen to see more BB Companies launching out into wide interest and fellowship per medium of the "Sky Wave". They will also provide every assistance to any company who is interested in this scheme.

ENTERTAINMENT

Weren't the Shorts and newsreels lousy?
Who trained the projectionist?
When do we see Elvis?

ARE YOU A SOMEBODY?

Then remain one. Shorten your dog tags so that they will not slip off your heads at any stage throughout the camp.

CAMP NEWSPAPER

FRIDAY 31st December, 1966.

"LETS LOOK AT QUEENSLAND"

by Qld contingent C.O. Cpt. D.J.Adam.

Queensland has its own song. With a catchy tune and a easy to learn words, you'll soon be hearing it sung round the camp - and singing it yourself. Here it is :-

Life is great in the Sunshine State,
Every Queensland heart sings a song;
To its tablelands and its golden sands,
We are proud to say we belong.

And our faith is great in the Sunshine State,
For our Queensland future is grand;
From the northern cane to the western plain,
Its a full of promise land.

All the while, every while, there's a sunlit smile,
And a welcome handshake too -
For the friendship's great in the sunshine state,
May its sunshine keep smiling for you.

We hope you make many friendships and that all will be sunny and happy whilst you are in camp.

There is much more to Queensland than the Gold Coast and it is full of potential. Southerners may not know that some Queensland Campers have travelled further to get here than, say, campers from Melbourne.

Lets take a look at Queensland - B.B. wise. First there is the proud 1st Brisbane, operating without a stop since 1913, and the oldest existing Company outside Britain. It has an interesting history. Reference to the biographies of the Founder, Sir W.A.Smith reveal that a certain wild boy wanted to join 1st Glasgow and that the hall janitor recommended to Sir William that he be refused on his record. Sir William enrolled him, and after he had become the Company's senior Lieutenant, George Orr migrated to Brisbane, forming his own Company. It is quite easy these days to meet men in Brisbane and elsewhere who were in the Company and who speak fondly of their old Captain. It is quite easy these days to meet men in Brisbane and elsewhere who were in the Company and who speak fondly of their old Captain. In the late 40's there were quite a number of Companies started, and in the Brisbane area and has steadily grown till in 1966 the 40th Company will be opened. There are Companies in Queensland as far apart as Cairns in the north and Killarney in the south-west.

CONGRATULATIONS

Congratulations go to S/Sgt G.Gentle and Scout D.Lane and all others who have received Commonwealth Scholarships for 1966.

SPORTS NOTICE

Basketball

The Territories include New Guinea and Canberra. Any boy interested in playing in these games are requested to contact an officer from their state. The sport officer requires an officer from W.A. and Tasmania or Territories to organize teams for basket ball.

FILMS

Everybody seated ready, waiting - lights, camera, action - snap! Entree red hatted, brown cloaked Samari! Wara, Wara, Wake, Wawa. Waiting, waiting. Now we are under way - everybody tense, expectant - blur, snap - give the projectionist 6 feet (under) - be patient - series of wisecracks - meanwhile back at the ranch! We are privileged to be the only theatre in Australia with six intervals. Hint to projectionist - try showing slides!

Take home a memory of Queensland in the form of a Pine-apple money box. These and many other strange and exotic souvenirs are available at Uncle Ricky's nick-nack store.
P.S. the Koalas have been okayed by Customs.

GEORGE COMPANY REPORTS

At the Bird Sanctuary Mr. Cuppitt an officer in George Company was seen standing next to a kangaroo : you could not tell the difference!

HARRY COMPANY REPORTS - WHO'S THAT FOREIGN BLOKE. = The Sar-Major type with the moustach.

Today H company held a survey among all its boys as to who knew the Australian Secretary of B.B. Only eight boys (including two from his own church) knew that Mr. J.Gowman is the secretary of the Boy's Brigade Australian Council.

All boys should know Mr.Gowman as he has visited all states in the last two years - let's get to know him.

THE FANTASTIC ADVENTURES OF BROTHER FREDERIC - THE
FEARLESS FRIAR

Chapter 2. On Safari

The Canungra cannibals were so impressed with his cheerfulness that they let him go. So fearless Frederic began his long trek home through the jungle.

Suddenly he heard a noise in the bush and out sprang - a lion hunter. Unlucky Larry, the lion hunter had spent all day hunting and had caught nothing. So the pair of them continued their weary way home.

It was getting dark. Suddenly (again) they saw two eyes shining brightly at them in the dark! Unlucky Larry fired - and immediately the eyes disappeared. They crept forward to pick up the kill when - the eyes appeared again - the lion was 'nt dead!

Again Larry fired - again the eyes disappeared - again they crept forward - again the eyes appeared.

He certainly was a toughest lion Larry had ever hunted.

This went on for 25 bullets and on the 25th the eyes disappeared and didn't come back. By this time Larry and Brother Frederic were so tired that they lay down where they were to sleep.

In the morning they went carefully forward to collect their prey - and, guess what they found - twenty five dead lions!

BROTHER FREDERIC'S THOUGHT FOR THE DAY = IF AT FIRST YOU DON'T SUCCEED, TRY, TRY AGAIN. PERSEVERENCE AT A GOOD THING BRINGS AMAZING REWARDS.

A Letter to the Editor

In reference to the anonymous item in the camp paper about "Birds" here is what we say about it -

What Birds ????????

What Bikinis ??????

What Wares ????????

And What ????????

If you call those test pilots in a broom factory and the left-overs from the fall of the Roman Empire, Girls!!! Well er Eeeeech!!!

Anonymous, A Coy. tents 9,10,12.

Editor's Note The anonymous article "Birds" came from an A Coy. representative!

DOG COMPANY REPORTS

Did you see certain members ducking from cover to cover in the Bird Sanctuary.

VK2BBB

Yesterday the camp radio station went "on the air". If you have wondered what the "high clothes line" is doing above the poultry section, it is easily explained as the antenea.

The radio room is out of bounds to everyone unless it is in actual operation. There is a legal implication which could result in a minimum fine of £500 (\$1000)

Now a story is to be told.....how did the broadcast get mixed with the camp public address system? Well a truck tore down the wires to a speaker across the road, causing radio transmission to come over the P.A.

The easiest way to overcome this problem was to short circuit the speakers at the broken line. Everything went fine until someone from Administration found out why they had no P.A. Eventually we heard "Hello - testing" and all was well again. The person writing this article is sworn to secrecy and no names will be divulged.

AS LONGFELLOW MIGHT HAVE SEEN THEM

From the land of shining waters
From two islands in the ocean
Over many miles of water
Flying through the night and morning
Dozing, sleeping, talking, eating,
Came the great New Zealand Party.

Fifty-one in all they number
Strong in stature, proud in bearing,
Proud to wear their country's badges
On their spotless kakhi tunics
Handsome, noble, keen Brigade men
Are the great New Zealand party.

In this camp they mingle freely,
Mixing well with local natives,
Finding them to be not bad guys,
Even speak the English language,
Makau! Pakeha, Haeramai!
Say the great New Zealand party.

MESS DRESS

All boys must wear shorts and a shirt and some type of footwear at all meals.

WATCH FOR UNCLE RICKY'S 5'O'CLOCK SPECIAL.

STOP PRESS - Our B Coy., would like to know if tents 1 and 15 are going to open Turkish baths for their section as they never lift their flaps.

CAMP NEWSPAPER

SATURDAY 1st January, 1966.

DUKE OF EDINBURGH AWARD.
FIRST B.B. AUSTRALIAN GOLD AWARD.

Boys will be interested to know that three boys from 13th Adelaide Company were presented with the First Gold Awards to Australian B.B.Boys by our Australian Patron, Lord Casey at Government House, Adelaide last October. These boys have been working hard during the past three years, and have paved the way for others to follow

One of the Boys (Cpl. Jim McLean) is in Baker Company. You might be interested in looking him up if you are thinking of entering for the Award Scheme and having a look at the Gold Award Badge, and the new B.B. Expedition Badge.

Activities for the Award dovetail into our B.B. Class Scheme and there is the added incentive with the gaining of the B.B. Badges as well as qualifying for the various sections of the scheme.

Congratulations to Cpl. Jim McLean and his two fellow Company members and to 13th Adelaide.

STRADBROKE CONFUSION

Statement No boy shall swim in the surf on the other side of Stradbroke Island

Question: Who was the officer who said they could paddle but not swim? Did you ever see boys paddle with water up to their necks?

VK2BBB.

The Camp Radio Station has been in operation from time to time and many campers have made a special visit to the site in the Poltry Pavillion. Contacts have been made to Chatswood and Beverly Hills in Sydney and Armidale, Lake Macquarie and Tuross Lakes in N.S.W. country towns. Local contacts in Southport, Murwillumbah, Brisbane and Ipswich have meant keen interest in a visit during open day today. Be sure to bring parents and friends to the Radio Room during any free time this afternoon.

EASY COMPANY TARBASH.

The mosquitoes have been having a field day. Wonder what they live on when we aren't here?

W A N T E D

HUMOUROUS ITEMS FOR THE CAMP NEWSPAPER.

HI AUSTRALIANS FROM NEW ZEALAND

We would like to thank you for your hospitality, especially that of your Camp 2 I.C., Mr Mel. Tipper, when the contingent arrived in Brisbane after at least two sleepless nights, his house was literally taken over. There were bodies in the bed, on the beds, on every inch of the floor space and on the large concrete verandah. Thank you Mr. Tipper.

Our flight over was quite comfortable and the boys took liberties with the rather attractive Australian hostesses. We flew from Wellington, at the southern tip of the northern Island in a QANTAS Electra to Sydney arriving at 10.45 p.m. From Sydney to Brisbane we flew in an ANSETT ANA Viscount arriving at 1.45 a.m.

We are enjoying the scenery and the girls. The beaches are almost similar to our surf washed coast line. The heat is far in excess of New Zealand and we miss the rain.

Cpl. T.A. Robinson.

GALAHS

We know that in South Australia the cows fly backwards to keep the dust out of their eyes - but us "Crow Eaters" take a dim view of some Queensland Galah painting a galahs beak on to the head of our Murray Magpie, in the crest on the Magpie in the crest on the gate entrance.

THE OBSERVER. - Anon

Re past reference to birds and things we noted that a Lance Corporal from 6th Newcastle found one at Main Beach on Thursday afternoon a friendly one too! Too bad she was sitting patiently waiting again on Friday morning, while he cleared off to Stradbroke Island. Didn't tell her either.

Another L/Cpl, a Queen Badge man too, this time from 7th Newcastle, tried showing his ability another way - riding the waves on a board, too bad he fell off. Of course he's used to breakers on Newcastle beaches, nor river rapids.

Also noticed a Newcastle Captain, same Company, with birds all around him. Fortunately these ones did have feathers. Just as well, little birds carry tales, you know.

SPORT.

Equipment available;-
 Beach Balls
 Darts
 Table Tennis
 Footballs
 Tennis Balls

Shuttlecock
 Draughts
 Cricket gear
 Soft Ball Bats and Balls

This equipment must be returned to the sports officers tent every night before tea. If this does not happen the equipment will be restricted.

THE EXTRA-ORDINARY ADVENTURES OF BROTHER FREDERIC -
THE FEARLESS FRIAR.

Chapter 3. Journey's End?

Leaving the brave hunter, Unlucky Larry with his 25 dead lions, Brother Frederic set off for home - the Friary at the Mission Station where his brotherhood were working.

One moment he was walking along the jungle path whistling a happy tune - and the next - he was running as hard as he could run with a great-big hungry-lion - the King of the jungle pounding along behind him. Brother Frederic ran and ran and ran and ran as fast and as far as his fat little body would let him run. Then - when he knew he could run no more, he flung himself on the ground and waited for the end.

He heard the lion stop - and waited and waited and waited and waited - but nothing happened. Slowly he moved his head to look at the lion and saw him sitting down with his head between his paws.

"Thank Goodness" said Brother Frederic out loud "He's not going to eat me after all."

"Would you mind keeping quiet" said the lion "while I'm saying Grace!!!"

BROTHER FREDERIC'S THOUGHT FOR TODAY - GOD HAS GIVEN US TWO EARS AND ONE MOUTH SO THAT WE SHOULD LISTEN TWICE AS MUCH AS WE SHOULD TALK.

NATURALIST SECTION by George Wood, 31 Sydney

A successful time was had by a team of enthusiastic sound recorders when on tour down the South Coast. The sound of birds and Jack Evans at the Tweed Heads Porpise Pool came over loud and clear

EASY COMPANY EARBASH

Easy company's best wishes to the bus driver who very helpfully stopped opposite each girl in Surfers Paradise and invited them aboard the bus. Pity none accepted.

Easy Company doesn't know how a scout got past security.

COMMENTS FROM SECURITY

Due to the many disparaging remarks being made around the camp and elsewhere this Company would like all campers to know that S.P. stands for SECURITY PATROL. IT DOES NOT - REPEAT - NOT MEAN

Spastic :- Silly Parrot : Sour peaches : Sick People. Nor any other combination of words which belittles the dignity of the highly intelligent and good looking robust gentlemen who are the cream of the Second Pan-Australian Camp.

- officer not-in-charge.

HOSPITAL NEWS

Canteen business is always brisk but the hospital out did the canteen this morning. It is essential that you take care when walking through the tent lines and do not trip on the tent pegs and fall and injure yourself.

FOX COMPANY REPORTS

Congratulations go to Mr. Milliner on his reappointment.

WHAT'S WRONG WITH NEW SOUTH WALES

South Australia, South Australia
The land of sun and shine
of all the other states (which are bad)
N.S.W. takes the bag
It's the state of creeps, fats and mugs
whose ships are the size of tugs
Their bridge of course they think is good
but to South Australia, their people are a bunch of
hoods.

Let's talk about their weather, of which ~~may~~
be good for them, but not for us we say.
Their Loony Park and Zoo
We must admit isn't new
For tourists come and go
Without noticing the show
Their beaches they think are marvellous
With waves as high as 8 feet or more
But in South Australia our beaches are fabulous
With waves that don't kill or claw.
By now you know which state is best
South Australia in its natural dress
South Australia, South Australia, South Australia.
(Forever!!!)

FILMS OR MELODRAMA

Nobody can hear, few can see, and everybody suffocates. For 5 minutes cheering was given in honour of the "baddie" being killed at East Cheam Theatre. 800 boys DEMAND the films be shown on the lawns where they can lie down and sleep, sleep, sleep, sleep.....

SECURITY AGAIN

7.30pm Friday night. The phone rang and an urgent voice reported a strange person peering into our camp grounds. All Security were alerted and were on their way..... "There he is" came a whisper as feet hastened to intercept the intruder. Great were the sounds of laughter when it was found to be none but a security officer on patrol. There it is chaps - no one gets out and no one gets in.

DOUBLE TROUBLE

To you dear Friends, out goes my sympathy.
For you have been misled about New South Wales
A lovely state of hills and dales
And plains and plateaus.

Although on principle I do not jest
Our surf is by far the best.
The girls are by far supreme
In fact most girls are a heavenly dream -
This is New South Wales.

As well today, as you saw
N.S.W. is best at football
Up with Australia to the East
But not so to the SOUTH.

You say our weather is not as good as it should be
But we think it is the way it should be
When you call us mugs you give us the bugs
And if once more you attack Sydney,
You will get a sore kidney.

In Baker Coy. tent 15, lies our target
His surname is Barres and his first, Keith
And his lynching will be brief
Up with the East but down with the South.

NO TRESSPASSING - STRICT SECURITY

QUESTION - from George Coy.

Where have the big tent mallets been lately?
It was noticed New Year's Eve that security under the strain of boys' breaking camp were nowhere to be found. Later in the night the officers of security were found playing croquet up the back corner of the camp with the "MALLETS".

Today the New Year was opened up with the orders being presented to different officers in G Coy. - the order of the "Thistle" being presented to Lt. Cappitt, the order of the "Sweet Williams" being presented to Capt. Williams and the order of the "Gum Leaves" was presented to S/Sgt. Phill Skinner.

NEW YEAR NEWNESS

This is the Victorian contingent calling through the voice of their C.O., who is C.O. of Baker Coy.

We would all like to extend our sincere best wishes to all our fellow campers from all states and the Islands for a bright and happy new year.

In this wonderful camp that we are all enjoying, a great many things have happened and we would like to express a few thoughts to you all.

We have begun the new year in wonderful spirit, a spirit of happiness. In our fellowship with each other we have made many new friends and learnt many new things.

Let us all as brothers in B.B. take away with us solid evidence of these new friendships, and of the things we have learned and let us all face the new year with confidence and unbounding enthusiasm to all go forward and continue to extend Christ's kingdom.

We have really set our hands to the plough in the success and magnitude of this camp, so let us all begin to sew new seeds wherever we are in our respective companies and community.

The bright future of our Organization lies in all our hands and in our faith of our Lord Jesus Christ, so let this new year become greater and richer for B.B. and you.

One of our greatest weapons to achieve this is our love for one another which can be expressed in so many ways in our connections with each other and we can start right here in camp.

By being thoughtful, considerate, kindly, co-operative to each other. Let us all remember that a smile is a far better tonic than a frown, so please all smile. You are in life's candid camera and help to flash happiness around you with a sunny smile.

Again we wish you all well and may God bless you all everywhere you stand for Him.

Jack T. Lindsay
C.O. Victorian Contingent
Baker Coy.

HIKER: "Excuse me, but if I cut through this paddock, will I be able to catch the 6.15 train?"

FARMER: "I think so, but if my bull sees you, you'll catch the 5.30."

DEFINITION

The shortest distance between two points is by taxi.

Big drop of ink to little drop of ink - Where's your
brother? I haven't seen him around
lately.

Little drop of ink to big drop of ink - He just got out of the
pen after finishing a long sentence.

His Excellency

Sir Henry Abel Smith, KCMG, K.V.G.O., D.S.O.
Governor of Queensland
Queensland Patron.

Sir Henry said at the official Opening of the Camp that The
Boys' Brigade, each year, would require a greater number of
men willing to give sacrificially of their time as officers.
He said that it was to boys present at a camp of this nature
that the movement would need to look for its officer material
and he hoped that when the time came, boys would consider
carrying on with this task.

He said it was the Christian principles exemplified within
a structure of disciplined life would make the men of
tomorrow. Companionship and comradeship were one of the
reasons the Organization was attracting large numbers of
boys to its ranks. Sir Henry reminded all of their duties
as Christian men, and that the church centredness of the
Brigade would stand by it well in difficult times.

A WORD FROM FATHER TIMOTHY

S. Luke chapter 10 When Jesus sent out His 70
missionaries He told them to do three things

First. Pray - verse 2
Second. Help other people - verse 9
Third. Trust in the Lord - verse 4
for everything

And the result of doing these three
things was JOY = verse 17. Joy consists of three
letters J-O-Y. True Christian Joy consists of three things

J esus first
O ther people second
Y ourself last

This JOY has been the keynote of
our camp so far. Keep it up! And remember J-O-Y was Jesus
advice to some of His first missionaries.

B Company reports.

There is plenty of state rivalry but have you
heard about the stink between N.S.W. and South Australia?

FURTHER RIDICULOUS ADVENTURES OF BROTHER FREDERIC

Chapter 5. In the Dog House

Waiting in the Friary doorway to welcome him home after his mishap was Brother Frederic's pet dog. He had been given him by a Circus manager and had a very interesting history. Originally he belonged to a trio - "The Canine Three". One dog danced, another sang and the third played the fiddle. The manager was a great friend of the Friars and when the Circus season ended gave them the trio to raise money for Missions.

About a month later he phoned Brother Frederic.

"Look here, I'm in a terrible state about those dogs I gave you."

"Why? They've been a great success. We've raised hundreds of pounds for missions with them."

"I'm sorry the whole thing is a fake!"

"What do you mean a fake? They're a wonderful act."

"No there are a fake. You remember the one who sings?"

"Yes."

"Well it's a great big fraud. He doesn't sing at all.

The one with the fiddle is a ventriloquist!"

BROTHER FREDERIC'S THOUGHT FOR THE DAY - YOU CAN PULL A FAST ONE ON EVERYONE - EXCEPT YOUR OWN CONSCIENCE.

OVER HEARD ON THE BEACH.

1st Boy Why can't we bring back our pets to camp.

2nd Boy Yes, I think we ought to have a private bird sanctuary.

The ambulance officer at the hospital was overheard to say today " Boy, what a field day, it was better than going to a football match.

Extract from "THE COURIER MAIL", 3 January 1966.

CROCS HELPED PAY FOR THE TRIP - Southport. Three native Papuan boys at the Pan-Australian Boys' Brigade camp hunted crocodiles this year to help pay for their trip. They are from Balimo district near the Fly River in Western Papua. One of them, Agati Sawasi, a mission teacher, said yesterday crocodile shooting was the most profitable of their fund raising ventures. Crocodile skins were worth 8/- a foot, and there were plenty of crocodiles to be shot in this area. Agati said he and his two companions, Auma Mili and Kauka Cuma, had also grown yams and coconuts to raise money for their Brigade Company. But the church mission to which the their Company is attached contributed greatly towards their fare to Queensland.

FURTHER RIDICULOUS ADVENTURES OF BROTHER FREDERIC

Chapter 5. In the Dog House

Waiting in the Friary doorway to welcome him home after his mishap was Brother Frederic's pet dog. He had been given him by a Circus manager and had a very interesting history. Originally he belonged to a trio - "The Canine Three". One dog danced, another sang and the third played the fiddle. The manager was a great friend of the Friars and when the Circus season ended gave them the trio to raise money for Missions.

About a month later he phoned Brother Frederic.

"Look here, I'm in a terrible state about those dogs I gave you."

"Why? They've been a great success. We've raised hundreds of pounds for missions with them."

"I'm sorry the whole thing is a fake!"

"What do you mean a fake? They're a wonderful act."

"No there are a fake. You remember the one who sings?"

"Yes."

"Well it's a great big fraud. He doesn't sing at all.

The one with the fiddle is a ventriloquist!"

Extract from "THE COURIER MAIL", 3 January 1966.

CROCS HELPED PAY FOR THE TRIP - Southport. Three native Papuan boys at the Pan-Australian Boys' Brigade camp hunted crocodiles this year to help pay for their trip. They are from Balimo district near the Fly River in Western Papua. One of them, Agati Sawasi, a mission teacher, said yesterday crocodile shooting was the most profitable of their fund raising ventures. Crocodile skins were worth 8/- a foot, and there were plenty of crocodiles to be shot in this area. Agati said he and his two companions, Auma Mili and Kauka Cuma, had also grown yams and coconuts to raise money for their Brigade Company. But the church mission to which the their Company is attached contributed greatly towards their fare to Queensland.

CAMP NEWSPAPER

5th January, 1966.

A WORD FROM NEW GUINEA

Dear Friends,

I want to tell you my testimony. When I was a little boy, I didn't believe in the Lord Jesus Christ. I did the wrong things. It took a lot of time for me to come to the Lord. In 1961 I accepted Him as my Saviour and now I am trusting in Him and doing what he tells me to do. God said to me last year, "I want you to come to the Boys' Brigade Camp at the Gold Coast, Queensland." When I heard His voice, I didn't worry how far or how much money I would have to pay for the trip and other sorts of things. But I prayed to God and he told me, "Wherever you go I'll be with you.

I was very happy to come, and I have met a lot of Christian friends. We are enjoying ourselves, and are having a wonderful time in the camp.

-Agati Sawasi

LORD MAYOR/UNCLE RICKY

PLEASE Boys when in Brisbane, if you see our Uncle Knicky of the "Rick Rack Store" in one of the streets, DON'T go up to him and yell, "Hi Uncle Ricky!!!!" as he might be our beloved Lord Mayor.

We think Uncle Ricky and Uncle Clem are very much alike.

"THE GREAT HONOUR"

Fox 13 would like to thank all the sheep who took part in pulling down their tent. It was a great honour to have ~~the~~ tent pulled down first.

The goat who ~~lead~~ the sheep should be praised for his efficient strategy. The operation must have been well practiced for the goat who was their leader stood back and watched while the others carried on with the operation.

Sincere thanks,
Fox 13.

I must go down to the sea again
To the crowded beach and the sky;
And all I ask is a bikini bird
And an eye to see her by.

SCANDAL FROM HARRY COMPANY

An adjutant came back late from a swim parade the other day - said he missed the bus. He was also sporting a black eye. Was this the girl in the orange bikini? The only comment the said officer would make was that it was all a misunderstanding - he ran into something.

A camp company CO. playing catch in the mess tent. She wouldn't catch.

The other night at the pictures there was a bronzed handsome young officer from E Coy. He entertained himself, not by watching the films, but by wenching with one of the servant girls. It appears that officers at least are proficient at something.

MASS MOAN - Our Lovely Spot on the Hill

Our little scene opens on the quiet hill, east of the Admin. But where the gallant wolves of Fox Coy. are awakened, not by the loud blast of REVVELEIGH, but by the purr of the motor and the rattle of the cans of Mr. Hunter's truck, as he rolls in to keep our little site a clean and sanitary place.

Unfortunately there is not enough Air-O-Zone in Uncle Ricky's Knick-Knack Corner to make the air quite as fresh and clean as our ablutions hut. And when at last we are well awake we hear Mr. Dagg being called for over the P.A. (Mr. Dagg is Health and Hygiene Officer) We are all wondering what he is wanted for?????????

What's the gentlest tissue in the bathroom you can issue
New, New, New, Newspaper

It may be aggravating, but you can read it while you're waiting

New, New, New Newspaper.

Now it is well into the day and the George Company Concentration Camp is well under way with the officers and N.C.O.'s bellowing out at the poor little fellows. But what's this? A slight westerly is blowing up and Fox Coy. mysteriously disappears amid a cloud of dust. Despite the efforts of the G.C.C.C., all is in vain and our little home remains a dusty little foxhole. But in the evening we retire to bed to lie comfortably on our tree stumps, rocks, ant nests, and filthy dust.

Another thing we look forward to is not doing our evening devotions on account of the poor lighting - again George Coy. is stealing all the light. We suggest that they be moved (perhaps dead centre of Southport, just west of the Admin.)

Also we are in the advantageous position of being able to smoke undetected and so dusk (and dust) settles and smoke rises on our little home.

Thus ends our MASS MOAN

Signed... *The Fosse*

FABULOUS FREDERIC'S ADVENTURESChapter 6. A Movie-ing Experience

So the dog that couldn't sing, dance or fiddle was given to the Friary and the other two animals went back to their work in the Circus.

One day Brother Frederic was invited to go to the pictures in a nearby township. By this time the dog went wherever Brother Frederic went, so off he went to the cinema as well. At the end of the films someone saw the dog sitting back in his chair clapping his front paws together.

"Good gracious that's very strange. Your dog is clapping his hands - it seems as if he really enjoyed the film!"

"Yes," said Brother Frederic, "it is strange - he didn't like the book at all!"

THE CIVIC RECEPTION

Embarrassing moment at the Civic Reception occurred when Alderman Winters asked a group of boys what the food at the Camp was like. The reply was a stunned silence for a few seconds until some boys mumbled "Good" and one boy even blurted a doubtful "Terrific" - very diplomatic boys!

Big clean up in Dog Coy. Dog Coy's rough attack on a rather podgy member was the main attraction at 3pm. The officers and boys carried the boy as "pen dead deer" to the showers, stripped him to the BVD's and gave him his first shower at camp with a scrubbing brush tied on the end of a ten foot pole. This attracted many spectators and photographers. He almost cried as he saw his South Australian grime rolling down the drain.

NEWS FROM SECURITY.

In tent 4 at night noises like a snake hissing were heard.
Don't be alarmed gentlemen, it was only one of the Officers rolling over
with his air-bed hissing at him.

A girl in a blue Mini arrived at Main Gate and asked for Mr.
(well we won't embarrass him). - What a girl!!!!!! In a couple of minutes
there were about 15 Security guards around her. By the time the third call for
Mr. X went over the P.A., she was half way down to the Mess tent with 8 Security
men guarding her. She came back and drove her Mini down to Administration.
- What a Security Risk!!!!

From all the material coming into us from Security it would
appear that they had nothing else to do.

beach umbrella owned by an equally attractive girl. - Said he was there
purely for the shade the umbrella afforded... Yeah???????

A WORD FROM W.A.

Just as the 2nd Pan-Australian B.B. Camp comes to a close, we, from the West Australian contingent become settled in. Having been thoroughly spoilt on the Trans-Australian Railway, then shaken back into line on the "cattle trucks" from Adelaide to Melbourne. We left Christmas Eve at 6.20 pm from Perth Railway Station and arrived at camp 3 hours late on the following Wednesday at 3.45pm having changed trains 6 times. We had excellent service on the Trans Line until one boy called the Head Waiter a servant. Some sober words were exchanged and all settled down again.

We feel our trip has not been in vain by any means. Seeing the many sights and enjoying the camp has made the holiday very packed and has made time go quickly.

Should you be interested in seeing the sights of the City of Lights (Perth), here in camp, then our contingent C.O. Capt. Hutchinson of C Coy. has some attractive brochures.

If it's hot in Brisbane, it's cool-in-gatta. We wondered what has happened to the hot Gold Coast weather.

We would like to thank the officials who organized the march through Brisbane, for allowing us to parade our State Colours. After hearing all about the expensive State Colours of Queensland, ours become very humble. I don't believe we saw Queensland's colours. Did someone leave them home? We are very impressed with your band, Queensland. With regard to the uniform, we have been very surprised in the various shades of long trousers worn. Some boys even wear Amco jeans. Finally thank you one and all for your friendship and hospitality, especially in the week we will be going home, when we leave Saturday morning and arrive home on Sunday week at noon.

Cheerio from the Sand Gropers

BAD NEWS FROM BAKER COMPANY

We are closing our bakery - there will be no more loafs.

HOSPITAL NEWS

There was a small sick parade this morning. Tummy upsets ~~are~~ lessening and sunburns are cleaning up. There are still a lot of bumped toes.

A medical orderly slept in hospital last night and a boy wakened him at 3 in the morning and complained of a sore stomach. He was given some medicine. At 3.30 he again wakened the orderly to say he was much better.

A small boy called the Sister at 2.00 am this morning. He said that he had been in trouble since before the picture finished but did not want to disturb her then as he thought that she would be asleep.

I am sure that all the boys who have had the Sister's kindness bestowed upon them whilst at the hospital would wish to join in thanking the Sister and her fine body of male orderlies for the wonderful job they have done in our camp hospital.

"THE ADVENTURES OF BROTHER FREDERICK" - Final Instalment.
(You Lucky People)

CHAPTER 8.

On the way home from the hospital one day, Br. Frederick decided to take a short cut - across the huge paddock where Ferdinand the bull lived.

He had a friend with him and before they were halfway across, the bull spotted them and set off after them. They ran and ran and ran until they knew they could go no faster and the bull began to catch up on them.

"We can't make it Br. Frederick - you'd better say a prayer. It's our only hope."

"I'm - too - puffed - to - say - one. You'd - better - say - it," puffed the fat little Friar.

"Don't know any Brother."

The Bull was getting closer.

"Surely - you - know - one....."

"Well there is one I learnt many years ago...."

"Well - (puff) - you'd - (puff) - better - (puff) - say - (puff) - it."

So with the Bull breathing down the backs of their necks; Br. Frederick's friend said the only prayer he knew -

"For what we are about to receive may the Lord make us truly thankful!"

BROTHER FREDERICK'S THOUGHT FOR THE DAY - "We grow up - AND SO SHOULD OUR PRAYERS."

BROTHER FREDERICK'S THOUGHT FOR EVERY DAY -

Each day's action, Each day's thought;
Into habits slowly wrought.
Build a Temple strong and fair
Which we call man's character.
Build it slowly, build it well,
'Tis the place where God will dwell."

May God continue to Bless you all daily in the exciting adventure of His Service.

We may not be very big,
But what other States lack, we can give.

The surf over here is by far the worst;
From a distance it looks like a noll of liverwurst.

With our state, none can compare;
We have by far the best surf, surf, everywhere.

Bikinis over there are very rare;
But what's inside them is envied everywhere.

Of mountains, rivers and lakes there is no lack;
The ones over here have "gone to the pack."

Of security we have no need,
For crime over there is rare indeed.

CANTEEN REPORT

To Thursday lunch time the Canteen reported the following sales -

22,000 Soft Drinks,
10,000 Ice Creams and Ice Blocks,
£250 worth of sweets, chocolates etc...,
£100 " " nuts and flakes,
£600 " " Souvenirs etc...

Does this indicate that the Boys aren't being fed well or that they just like spending money.

There will be NO price reductions in the Canteens on Friday - all items are returnable to the suppliers at full value. This means don't delay your purchases of souvenirs hoping to get them at a reduced price.

NEWS FROM OUR SCOUT GUEST.

I'd like to thank the Boys' Brigade for inviting Scouts to the Camp to develop greater fraternisation between youth groups such as ours.

Some things that I found hard to get used to were the bugle calls. However, apart from this, and that we do our own catering, camps are similar.

There is one thing that I think could be introduced into your camps, and that is a system of small groups of about 75 Boys over a certain age leaving the main camp and establishing secondary camps with some activity such as spearfishing (for this camp) and specialising in this field for three or four days. This system operates at the Scout Jamborees.

I have heartily enjoyed the camp and I feel that anyone who hasn't really enjoyed the camp has only himself to blame.

Signed Snr. Scout T.R. Allan.

THANK YOU FROM VICTORIA.

As the 2nd Pan-Australian Camp draws to a close, I would like to offer my heartiest congratulations to the Organising Committee and their band of willing helpers for a job well done. There have been occasions when things have happened - commands have been given, and rules **have** been made contrary to our own feelings - but these will soon be overshadowed as we remember all the small and not so small incidents that appealed to us.

This Camp must surely go down in B.B. history as one of our greatest achievements, a time and place that will long be remembered, the new friends we have made, the new places that we have seen, and the greater comradeship that has been established as we realise that we are but a link in the great chain of the Boys' Brigade.

Again, congratulations to all who have made this Camp possible and to those unnamed persons whose efforts have made it the success that it surely **has** been.

On behalf of the Victorian Contingent, I would like to wish the whole Camp the very best for this coming Session as we return to our own companies to continue to extend "Christ's Kingdom among Boys."

P.S. Photos will be required to be sent at the latest by JANUARY 14th for inclusion in the special Camp edition of the Gazette to be produced by the end of January. Prints of photographs appearing in the Gazette will be available for purchase.

WHILE WE COOK THEY FREEZE

On the 28th December, 340 members of the Auckland Battalion of the B.B. New Zealand, left Auckland for Battalion camp by train to go to a National Park in the centre of the North Island of New Zealand. The camp was being held on the lower slopes of the highest mountain in the North Island - 9000 feet high.

During the camp the boys were engulfed in a blizzard and had to be evacuated. Of the results we can tell you no more. While we cook, they freeze.

Kiwi

Anyone who walked into tent 5 of B Coy. yesterday would have found a few boys eagerly trying to write a newspaper item about how good B Coy. is. However I don't think they succeeded because what's good about B Coy.? Nothing.

So now the camp is ended,
The noise and tumult o'er;
The cool drink crates near' empty,

Gone are the bugles and the bands;
Gone the flags each morning,
No more the kookaburra's laugh
To greet us at the dawning.

And you will go to your home,
And I will go to mine;
But memories of this Camp
Will last a long long time.

The friendships made we hope will last,
For many years a coming,
And when next Pan-Australian Camp is held,
We hope you'll come a-running.

In parting let us thank our God;
For all His Blessings to us,
For sport and play and Quiet Time,
And weather so very glorious.

AND YET ANOTHER THANKS

I would like to thank all those members of the entertainment team who have helped me to keep the programme rolling.

Also a big thanks for the projectionists who were recruited and gave up their own leisure time to run the film evenings.

And an especially sincere thankyou to all boys who "volunteered" to shift equipment around theatres and stage.

CAMP HINTS FROM C.E.B.S.

One of the most enjoyable experience you can have is to go camping with a group of friends or with an organisation such as B.B.

Part of the fun is in the preparation. You and your friends set out to secure the necessary equipment - making what you can, buying what you can afford, possibly borrowing a few things here and there.

The most exciting kind of camping is lightweight camping with a friend. It is the kind that requires the greatest amount of self-reliance and the largest degree of camping knowledge and skill. The way to become an expert lightweight camper is to do lots of overnight camping. You must get to know exactly what you need and take only that. An extra ounce of equipment you don't need will feel like a pound on the back.

When you get back home from a camp, spread all your equipment out on the floor. Now divide it into three piles. In the first pile put the things you used several times each day. In the second pile place the things you used once in a while. In the third pile place the things you didn't use at all.

Now, if you are smart, next time you go camping you'll leave the things in piles two and three at home. Why carry the stuff when you can get along without it.

One of your B.B. mates may prove the perfect pal for you. When you camp together, setting up camp becomes a cinch and camp chores take hardly any time at all.

Murray Reid
and Stephen Booker.
